### IMPORTANT DISCLOSURES

Analyst Certification: Each research analyst and research associate who authored this document and whose name appears herein certifies that the recommendations and opinions expressed in the research report accurately reflect their personal views about any and all of the securities or issuers discussed therein that are within the coverage universe.

**Disclaimer**: Estimates and projections herein are our own and are based on assumptions that we believe to be reasonable. Information presented herein, while obtained from sources we believe to be reliable, is not guaranteed either as to accuracy or completeness. Neither the information nor any opinion expressed herein constitutes a solicitation of the purchase or sale of any security. As it acts for public companies from time to time, BRAC-EPL may have a relationship with the above mentioned company(s). This report is intended for distribution in only those jurisdictions in which BRAC-EPL is registered and any distribution outside those jurisdictions is strictly prohibited.

**Compensation of Analysts:** The compensation of research analysts is intended to reflect the value of the services they provide to the clients of BRAC-EPL. As with most other employees, the compensation of research analysts is impacted by the overall profitability of the firm, which may include revenues from corporate finance activities of the firm's Corporate Finance department. However, Research analysts' compensation is not directly related to specific corporate finance transaction.

**General Risk Factors:** BRAC-EPL will conduct a comprehensive risk assessment for each company under coverage at the time of initiating research coverage and also revisit this assessment when subsequent update reports are published or material company events occur. Following are some general risks that can impact future operational and financial performance: (1) Industry fundamentals with respect to customer demand or product / service pricing could change expected revenues and earnings; (2) Issues relating to major competitors or market shares or new product expectations could change investor attitudes; (3) Unforeseen developments with respect to the management, financial condition or accounting policies alter the prospective valuation; or (4) Interest rates, currency or major segments of the economy could alter investor confidence and investment prospects.
