### **Why GP profits dropped but Robi posted gain in 2025**

Grameenphone, the country's top telecom operator, saw both turnover and profit decline in 2025, while rival Robi Axiata recorded growth on both counts. According to financial reports of the companies, GP's turnover fell 0.2 percent year-on-year, and its profit dropped 18.6 percent. Robi, by contrast, grew turnover by 0.4 percent and profit by 33.3 percent.

### **Inflation hits 16-month high, further spike feared**

Bangladesh's overall inflation climbed to a 16-month high of 9.42 percent in May, driven largely by a sharp rise in food prices that is squeezing household budgets, particularly for low- and middle-income families.

### **Airlines slash 2026 profit forecast on fuel shock**

The global airline industry nearly halved its 2026 profit forecast on Sunday, citing conflict in the Middle East that has driven up fuel costs, disrupted key air corridors and exposed the fragility of a sector operating on thin margins.

### **Gold falls about 3%**

Gold fell about 3 percent on Friday after a stronger-than-expected US jobs report reinforced expectations that the Federal Reserve will keep interest rates higher for longer amid inflation concerns fuelled by the war in the Middle East.
